

# Client Advantage

## WHO WE ARE

Real Advantage Realty is a progressive, locally owned and operated company with national referral networks.

We are a group of veteran realtors with decades of experience and expertise in residential real estate. We have expertise in residential real estate, investment property, subdivision development and corporate relocation. We are not self-promoting....our advertising dollars are focused on our clients objectives, not our company's.

We operate as a "team". We meet often, exchange ideas and network to obtain ultimate results for our clients.

When working for the Seller, we share one common goal - to get your property sold in the shortest amount of time for the most amount of money.

When working for the Buyer we operate in reverse - to get the most amount of house for the least amount of money.

## WE NEVER PRACTICE DUAL AGENCY!

**Unlike some other agencies, we represent the Seller's best interest, or the Buyer's best interest - never both!**
